Unforgettable Moments

As the years go on we develop many different friends, memories, and experiences. These are our unforgettable moments.

The principals took time out of their busy schedules to have a little fun. As we watched, we caught Mr. Lucas (above) diving into the pond to bond with the ducks, Mr. Ostendorf (right) plunging into the dumpsters, and Dr. Poore looking for his two colleagues.

Jimmy Buckles plays his heart out on his trombone.

Connie Ferguson enjoys her Spanish food during the Fiesta.

Stephanie Linkous stops to smile at the camera while rummaging through her purse.

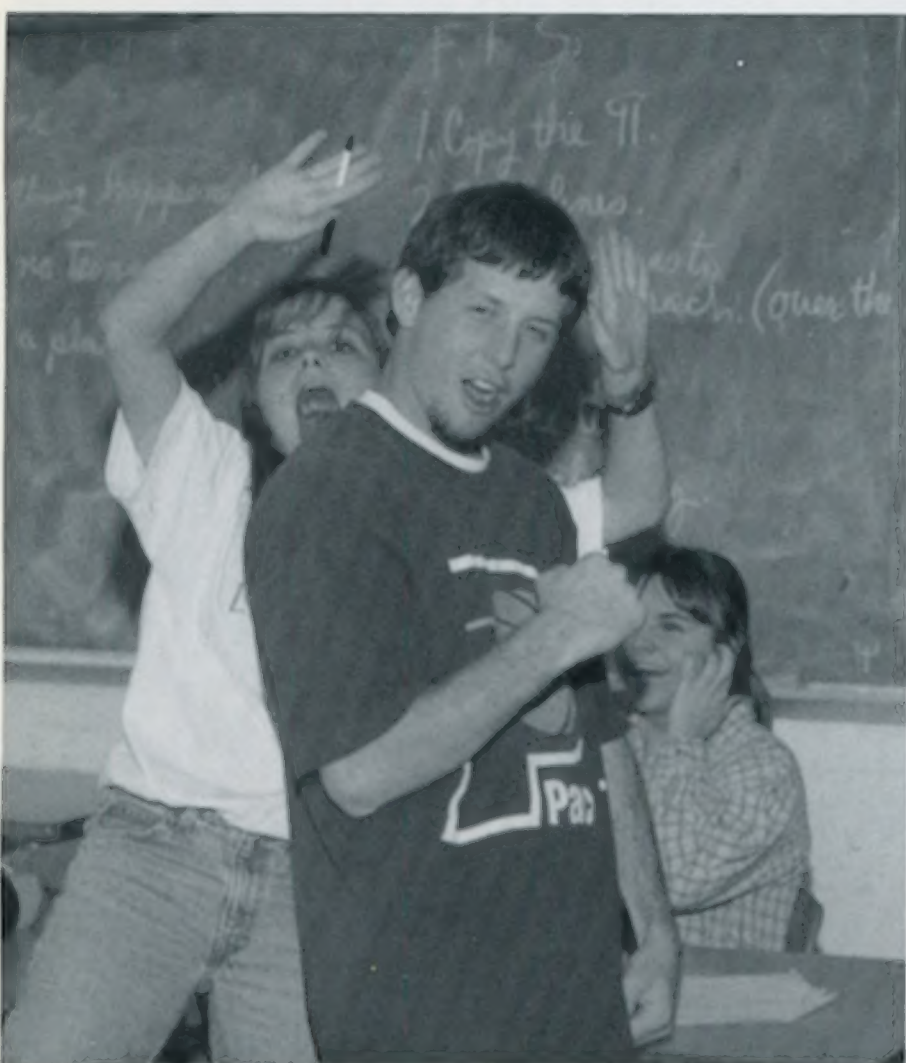

The Jobs for Grads class holds on to their experience at Dartmouth's Ropes Course.

Need a bib? Heather Williams and Andrea Jones enjoy lunch together.

Unforgettable Memories

At the end of another year we look back and remember our unforgettable moments.

Jimmy DerSarkisian devours his delicious sundae. The staff surprised the freshmen with a surprise ice cream party.

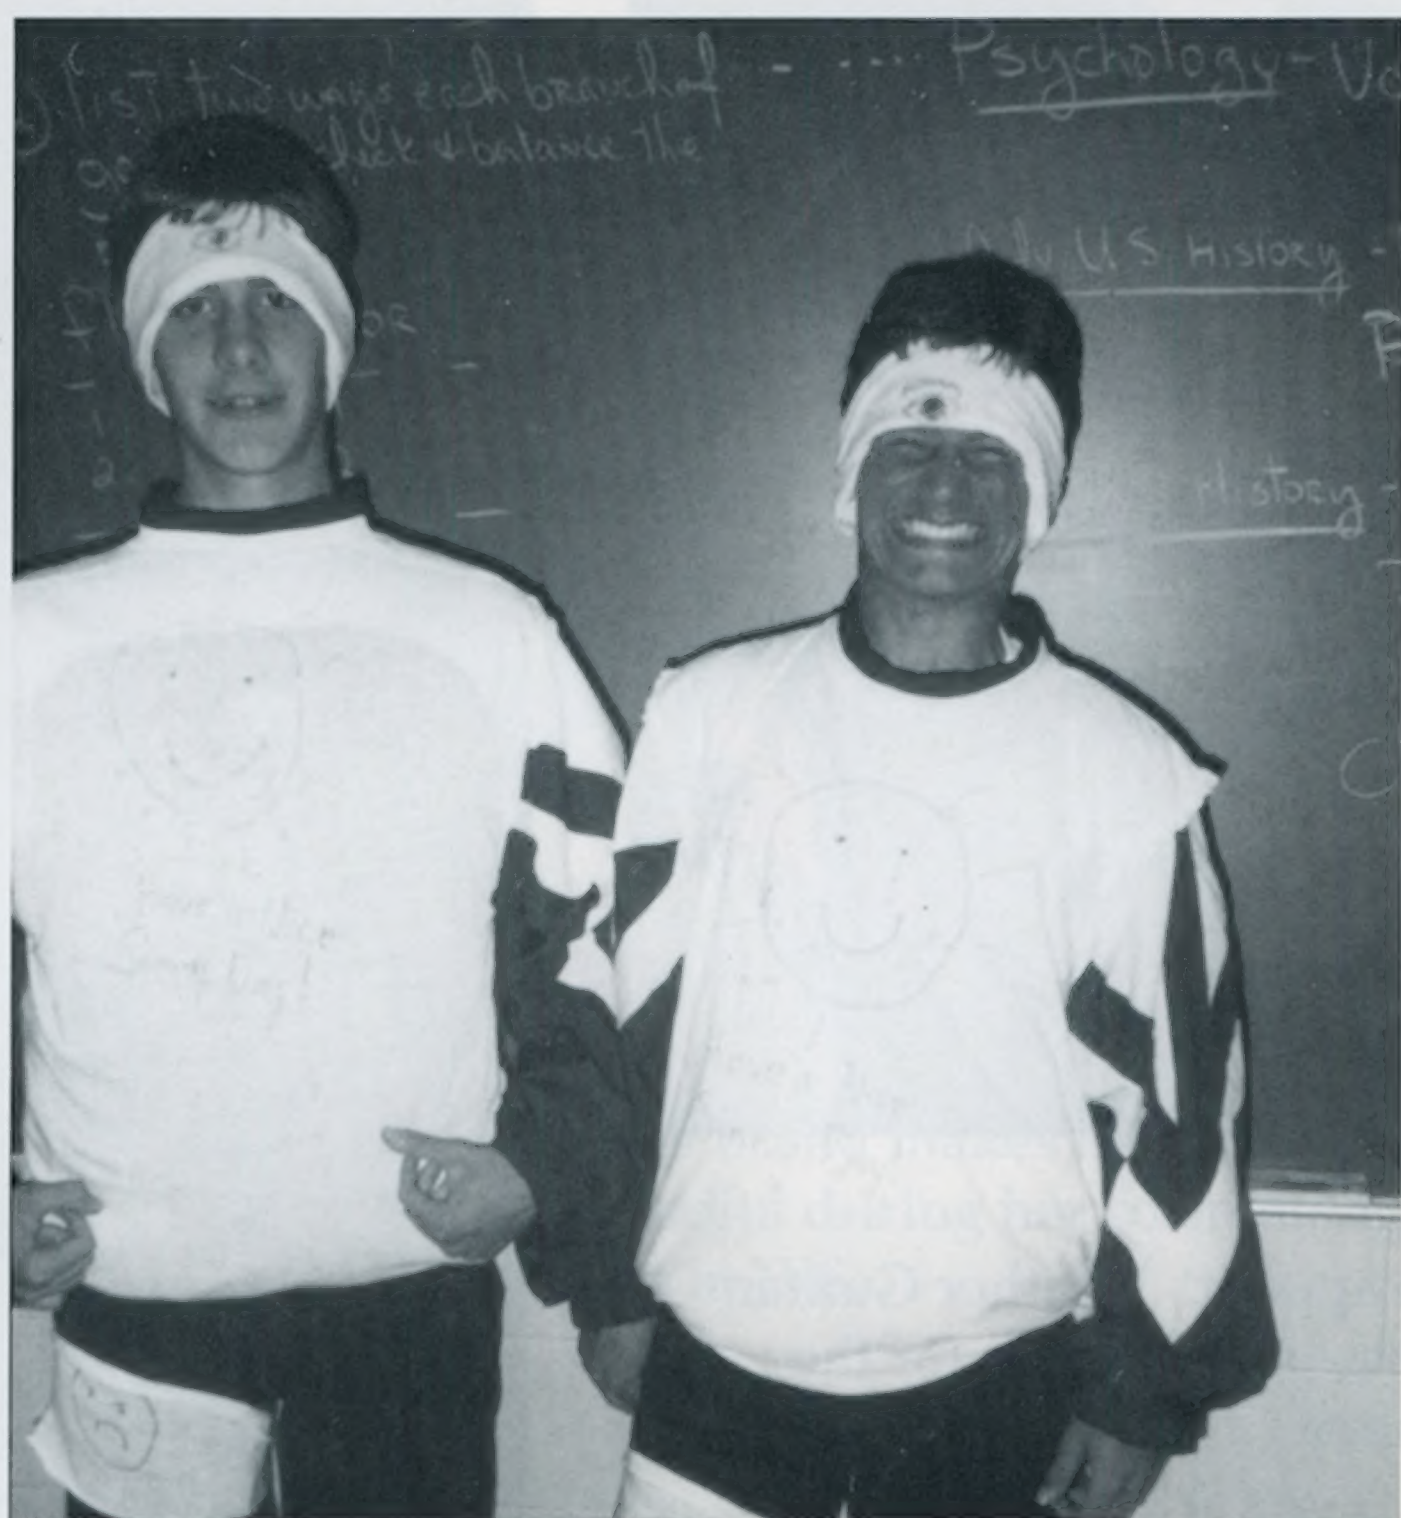

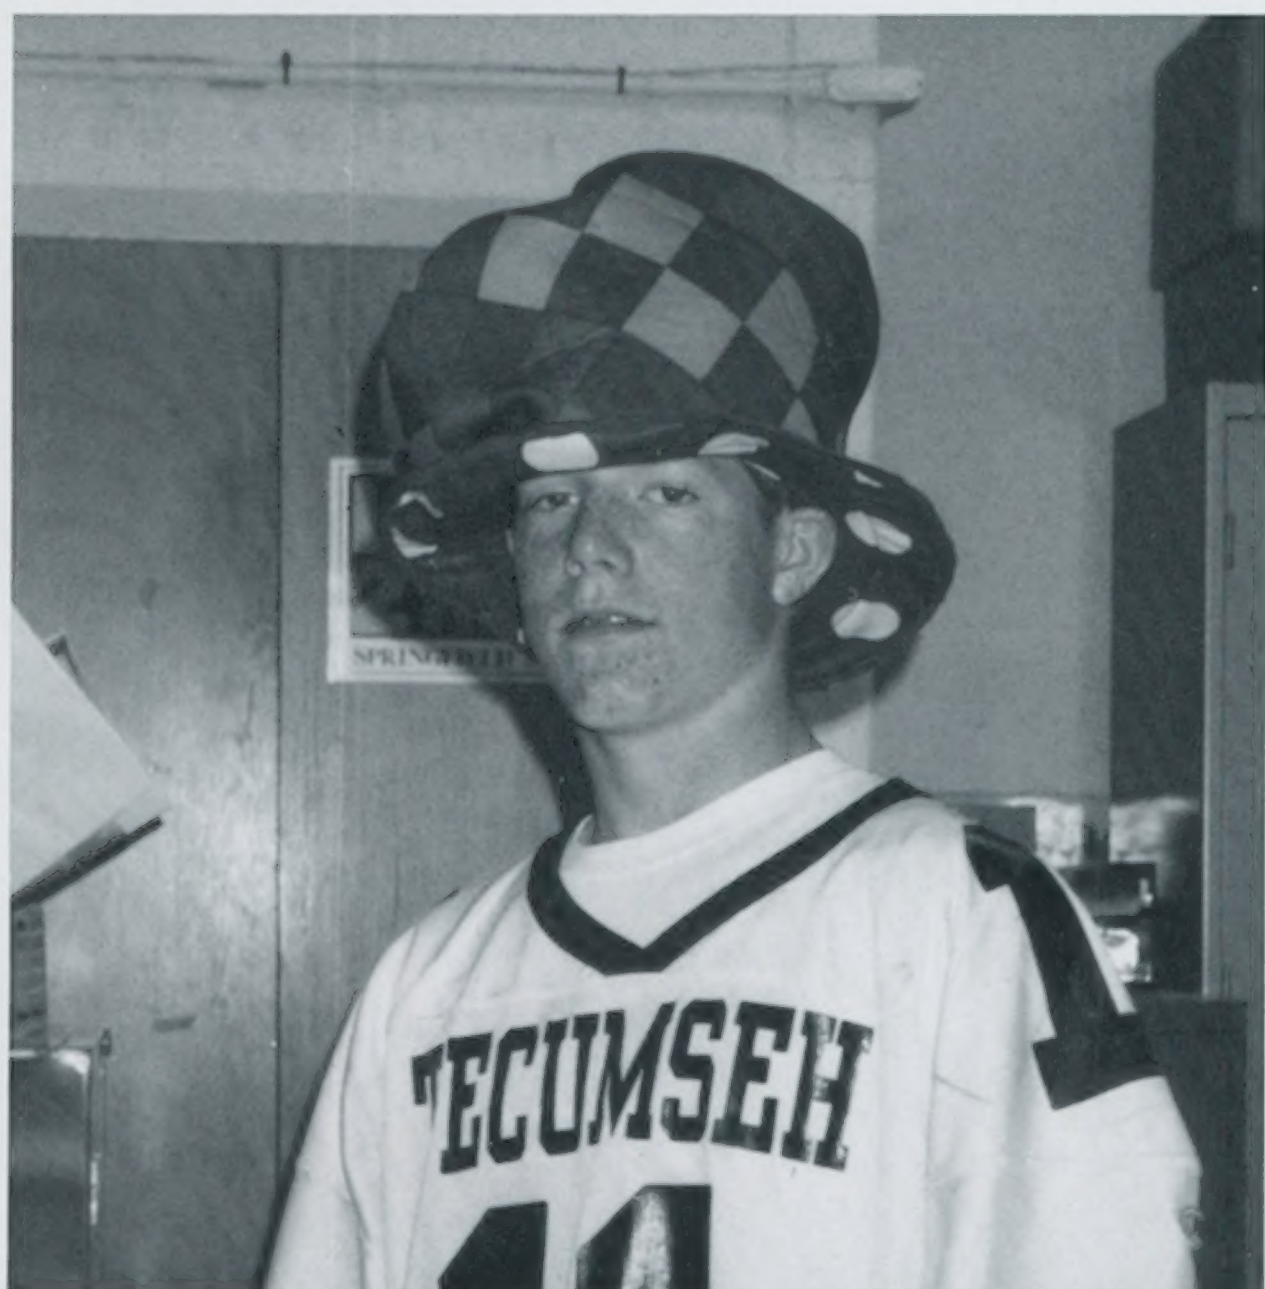

Cassie Sanford and Brian Shakro show off for the camera.

The Jobs for Grads class carries Kristi Pence on one of their challenging adventures at Dartmouth.

Kelly Kirkpatrick and Fred Gibson look excited to join the Homecoming Dance.

Melinda Calhoun and Jamie Ferguson exhibit their twin spirit.

Bobby Elrod shows off his unique style on Hat Day.

Twins Jim VanOss and Andy McKinley say "Have a nice day."

Erin McDonald is pumped and ready to go!

Tonight, Tonight

Students enjoy Homecoming festivities

The Saturday of Homecoming week (Oct. 12) students gathered in Shannon Gym for the big dance. Midway through the dance Queen Ginny Stehle and King Cory Snyder were presented to the crowd along with their attendants. Court members included: seniors, Muffy Fisher, Heather Gunter, Nathaan Burcham and Kolby Watson; juniors, Lisa Suver and Josh Berner; sophomores, JoEllen Flory and Anthony Fraley and freshmen Shannon Combs and Bryan Smith.

The Homecoming dance was sponsored by the student council and lasted from 8 to 11. The theme was *Tonight, Tonight* (by Smashing Pumpkins) and the colors were maroon, gold and creme.

Justin Doggett and Patrick Stafford gossip about their dates.

Jessica Holt and Beth Riehle are having a blast!

Alicia Garcia and Jeremy Johnson are all smiles!

Spirit Week

Tecumseh students are full of... Spirit!

Once every year Tecumseh's students get a chance to show their pride for their school and have a blast while they're at it. Festivities began on Monday with Hat Day and the Powder Puff game. The Juniors pulled off an amazing upset. On Tuesday friends dressed in identical outfits for Twin Day. Many came to school on Wednesday looking like they got dressed in the dark, for Mismatch Day. yadsruhT was Backwards Day. Spirit week came to close on Friday with Red and Black Day. A pep rally was held at the end of the day in Reynolds Gymnasium. That evening Tecumseh played Northeastern in the Homecoming game. The Arrows defeated the Jets 26-20.

Monster Mash

It was a goulishly good night.

Saturday, October 26, students gathered in Shannon gym for the annual Halloween dance. Many came in fabulous costumes. The Arrowhead newspaper staff sponsored the dance. As the evening came towards its end they gave out prizes for the scariest, cutest, most creative, and over all best costumes. Tecumseh really showed its creativity. There were a variety of costumes including Darth Vader, a herd of cows, former presidents of America, the Flintstones, gypsies, bags of jelly beans, a kitten, a construction worker and many more. A good time was had by all!

Ken Spicer is ready to rock 'n roll all night and party every day.

Fall Play

Natalie Needs a Nightie

In the play *Natalie Needs a Nightie*, directed by Jim Copes Tommy Briggs is a desperate man. He has lied to be promoted at work. The big boss, Juniper J. Juniper, is a "family man" and gives out bonuses for marriages and having kids. In the past, money has been tight and Tommy has told the boss that he has gotten married and even has a child. Now that Tommy is moving up in the company J.J. wants to meet the family.

Tommy tries to get his friends to help him. They refuse but then change their minds. Chaos breaks out when J.J. is confronted by not one, but many of Tommy's friends who claim to be his wife.

Rosebud, the maid, (Willow Jones) knows she's forgot something ... Cleaners!

Thomasa Briggs (Rachel Peterson) implores Tommy to change his name and stop all the confusion.

J.J. (Josh Sodders) makes himself at home.

Tommy (Andy Romer) asks Jimmy Wilson (Jason Meyers) to help him fool the big boss.

Sadie Hawkins

Girls grab a guy for some "down home" fun

On February 22, 1997 Tecumseh students gathered in Shannon Gym for the annual Sadie Hawkins Dance. The dance was sponsored by National Honor Society. Hog tied couples came to the dance in their flannel shirts and belt buckles ready to have a good time... and they did! Line dancing and slow dancing occupied the first part of the evening. Then the lights came on for the games to begin. Wheelbarrow races, three-legged races, crab races, sack races and tug-o-war made for friendly competition. Pictures could be taken in front of the out houses. Cowgirls dragged their men to the hitching post where an "official" ceremony was performed by the Pasture and Manure Authority. If the fellows gave their ladies any trouble a warrant would be served for their arrest. Overall, there was a large turn out and good "down home" fun!!

Cowboy Zach Johnson is looking to lasso in his cowgirl.

ROTC

Events! Events! Events!

Tecumseh's 881st Air Force Junior ROTC (Reserve Officer Training Corps) have had a very eventful year. They continued their annual needy family Christmas fund, sponsored one of the largest Drill Meets in this region, put on the Military Ball, helped with the senior citizen dinner, had a dining-in, and then a dining-out, and many other things daily around Tecumseh. They raise and lower the American flag each day, lead the Pledge of Allegiance, and they clean up Spitzer Stadium after each home football game. They truly are an indispensable organization for Tecumseh.

In December, ROTC organized and put on a Christmas dance in Shannon gym which was open to all Tecumseh students. The price of admission was \$2 or \$1 and a canned good. All proceeds from the dance went towards their needy family Christmas fund. Boxes upon boxes of canned goods were collected and over \$350 in cash was raised. Santa Claus was there and was available to be pictured with.

The Military ball at Wright Patterson Air Force Base in the Officers' club was held on February 28. In attendance were Jr. ROTC students and their dates.

With the new leadership from Sgt. Ruiz, the Jr. ROTC program enjoyed a huge success this year!

Spring Break

A much needed break for students

Zabrina Fugate, Candace Webb, Nikki Razor, Ginny Stehle and Jenny Thompson have a great time in Florida!

Everyone loves it. Everbody does it differently. Some do it at home. Some go away to do it. Some like it hot, others like it cold. You can do it in the sun, on the beach, in a car, in the mountains, on a lake, in a plane, or even in the snow. Some people do it with their families, others do it with their friends, and still others do it with perfect strangers. From Panama City Beach, Florida to Mount McKinley, Alaska everyone spends their spring break differently. No matter what, it is always an unforgettable experience.

Tecumseh's much needed spring break lasted from March 24 to March 28, 1997. The students and teachers alike, kicked back, relaxed, and had a good time.

(above left) Carrie Petkovich and Nikki Heitzman stayed in New Carlisle...and you can see the results.

Prom

A night in the park

Saturday April 26, students came to Wayne Booster Center for "A Night in the Park", the theme of Tecumseh's Prom. The ballroom was beautifully decorated with lamp posts, park benches and balloon trees of royal blue, teal, and gold.

From eight to eleven p.m. promgoers boot-scooted, electric slid, and locomotioned the evening away. Many people took the opportunity to strut their stuff on the catwalk midway through the dance.

The nominees for prom court were Heather Gunter, Angie Coffman, Tyler Maynard, and Ed Davidson. The crowned king and queen were Seth Morgan and Erin Cobb. They danced to the theme song of the evening, *When I fall in Love*.

Couples could have their pictures taken sitting on a park bench, or standing under a street lamp together throughout the night refreshments were available.

Overall the evening was a huge success! Prom 1997 was definitely a night full of unforgettable memories.

Morp & After-Prom

A backwards Carnival?

Morp and After-Prom are two of the most look forward to dances of the school year. Morp, sdrawkcaB for Prom, is just that, the opposite of Prom. Students that attended the April 4 dance dressed extremely casual. Shannon Gym was decorated in toilet paper by the Jobs for Graduates classes who sponsored the dance to raise money for their program and a good time was had by all.

Following the hugely successful prom many students attended the SADD sponsored After-Prom. The theme for the event was "Carnival." There were many organized activities for everyone to take part in. Students could sumo wrestle, golf, play card games, search for copper (pennies), compete in a pie-eating contest and many other enjoyable activities. At the end of the evening Mr. Stoner played auctioneer and auctioned off the many prizes that were donated by local businesses and by staff members.

Dedications around Tecumseh

Many of the areas around Tecumseh have been named for various reasons and in honor of many different people. The following pages may help explain why these people were so unforgettable that places were dedicated to their memory.

Spitzer Stadium

Spitzer Stadium is the part of the Chaffins Athletic Complex where all Tecumseh home football and soccer games are played. Mr. Spitzer was a Physical Education teacher for several years. He also coached Tecumseh's varsity football team. Before the stadium was built, the football team used to play games on a field behind the grain elevator in New Carlisle. When the money was finally donated to construct the stadium, the decision was unanimous that it should be named after Mr. Spitzer.

Reynolds Gymnasium

Reynolds gymnasium is the site of all major indoor Tecumseh athletic events. The addition to the school, composed mainly of the gymnasium was built in 1969. It was dedicated to the lifetime service of Mr. W.J. Reynolds. He was a master teacher of Science and Math at Tecumseh from 1930 to 1967.

Pflaumer Auditorium

Mr. Pflaumer was superintendent over Tecumseh high school for many years. He was inspired to bring the best to Tecumseh students and was instrumental in many of the buildings that were added on during his services to the school. His most noted accomplishment was our auditorium. It was the first and only auditorium approved by the planning boards to be so nice and extravagant and so in his honor

Oscar T. Hawke Building

Oscar T. Hawke is the building that currently houses the math and foreign language classes at Tecumseh. Mr. Hawke was the County Superintendent for Clark County Schools from 1922 to 1957. The building was dedicated to his memory in 1960.

Shannon Gymnasium

Frank Shannon was the boys' basketball coach at Tecumseh in the early 50's. He discovered and developed many talents, some going on to the NBA including Wayne Embry and Dave Zeller (Tecumseh Hall of Fame member). Under his coaching the Arrows never did win the state title but they went very high up in the tournaments.

Sipes Music Wing

John Sipes was choral music director at Tecumseh from the mid '50's to 70's. He started the production of school musicals here and also lead many students to reknowned musical careers including opera stars. His choirs were constantly awarded.

Jobs

Working hard or hardly working?

Quite a majority of students at THS have jobs. Most are part-time but a few work full-time and have many things that they are financially responsible for. There is a lot of pressure on these students but they handle it very well. It is quite a challenge to find a balance between school, work and leisure time. Students jobs vary from babysitting to table busing.

There are also programs here that are devoted to student employment. OWA and OWE allows students to work jobs and earn credits at the same time. OWA students work within the school system in offices and classrooms or in cafeterias while OWE students leave school to go to their work. In both cases students are earning money and obtaining valuable job skills simultaneously.

Another program available to Tecumseh students is Jobs for Graduates. This class teaches seniors skills like how to write a resume and what to wear to a job interview. This class actually lines up interviews and helps graduates find employment up to a year after commencement.

Graduation Gifts

Celebrate good times, come on!

It's better than your birthday, it's even better than Christmas, it's Graduation! At a graduation party, the gifts for an average senior range from \$25 in a card to some unknown gift from Aunt Sally to a trip around Europe to a brand new car. Money, being the most frequently given gift is usually an attempt to give the new graduates a jumpstart on their life. Some use it towards college or a new apartment, while others go out and have themselves a massive shopping spree!

No matter the size or the price value, it's the thought that counts. Graduation parties are a celebration of new found independence and the beginning of a new chapter in life.

Freshmen Class Officers

High school is an experience that no freshman will ever forget. Some like it and some don't. When asked their opinions on the first year of high school, opinions varied, but the majority of freshmen liked their first year. We found out that most freshmen like it because of all the first experiences. They get to go to things like Homecoming, Sadie Hawkins, and all the other fun things in high school. They also are around many more people which in turn gives them a chance to make many more friends. To those freshmen who are having a bad first year, hang in there- it will get better.

Sophomore Class Officers

Well, you are no longer a freshman- but you aren't yet an upper classman- so what are you?? A sophomore!

The sophomore year is full of many evens. For starters, in the fall, most sophomores order their class rings then anxiously await their arrival. Many students orders class rings at schools from Jostens, but others also check out the local malls and jewelry shops to find that ring that is perfect for them. Once the ring arrives, sophomores like to show them off to their friends and often hear that warning from their parents- "Don't give your ring to anybody!"

Also in the fall the sophomores are busy working with freshmen on their homecoming float. This year their float won, beating out the juniors and seniors!

For most sophomores, at some point in the school year, a monumental day occurs- their 16th birthday. And everyone knows what happens shortly after that birthday- driving lessons and getting a drivers license, both big events during the 10th grade year.

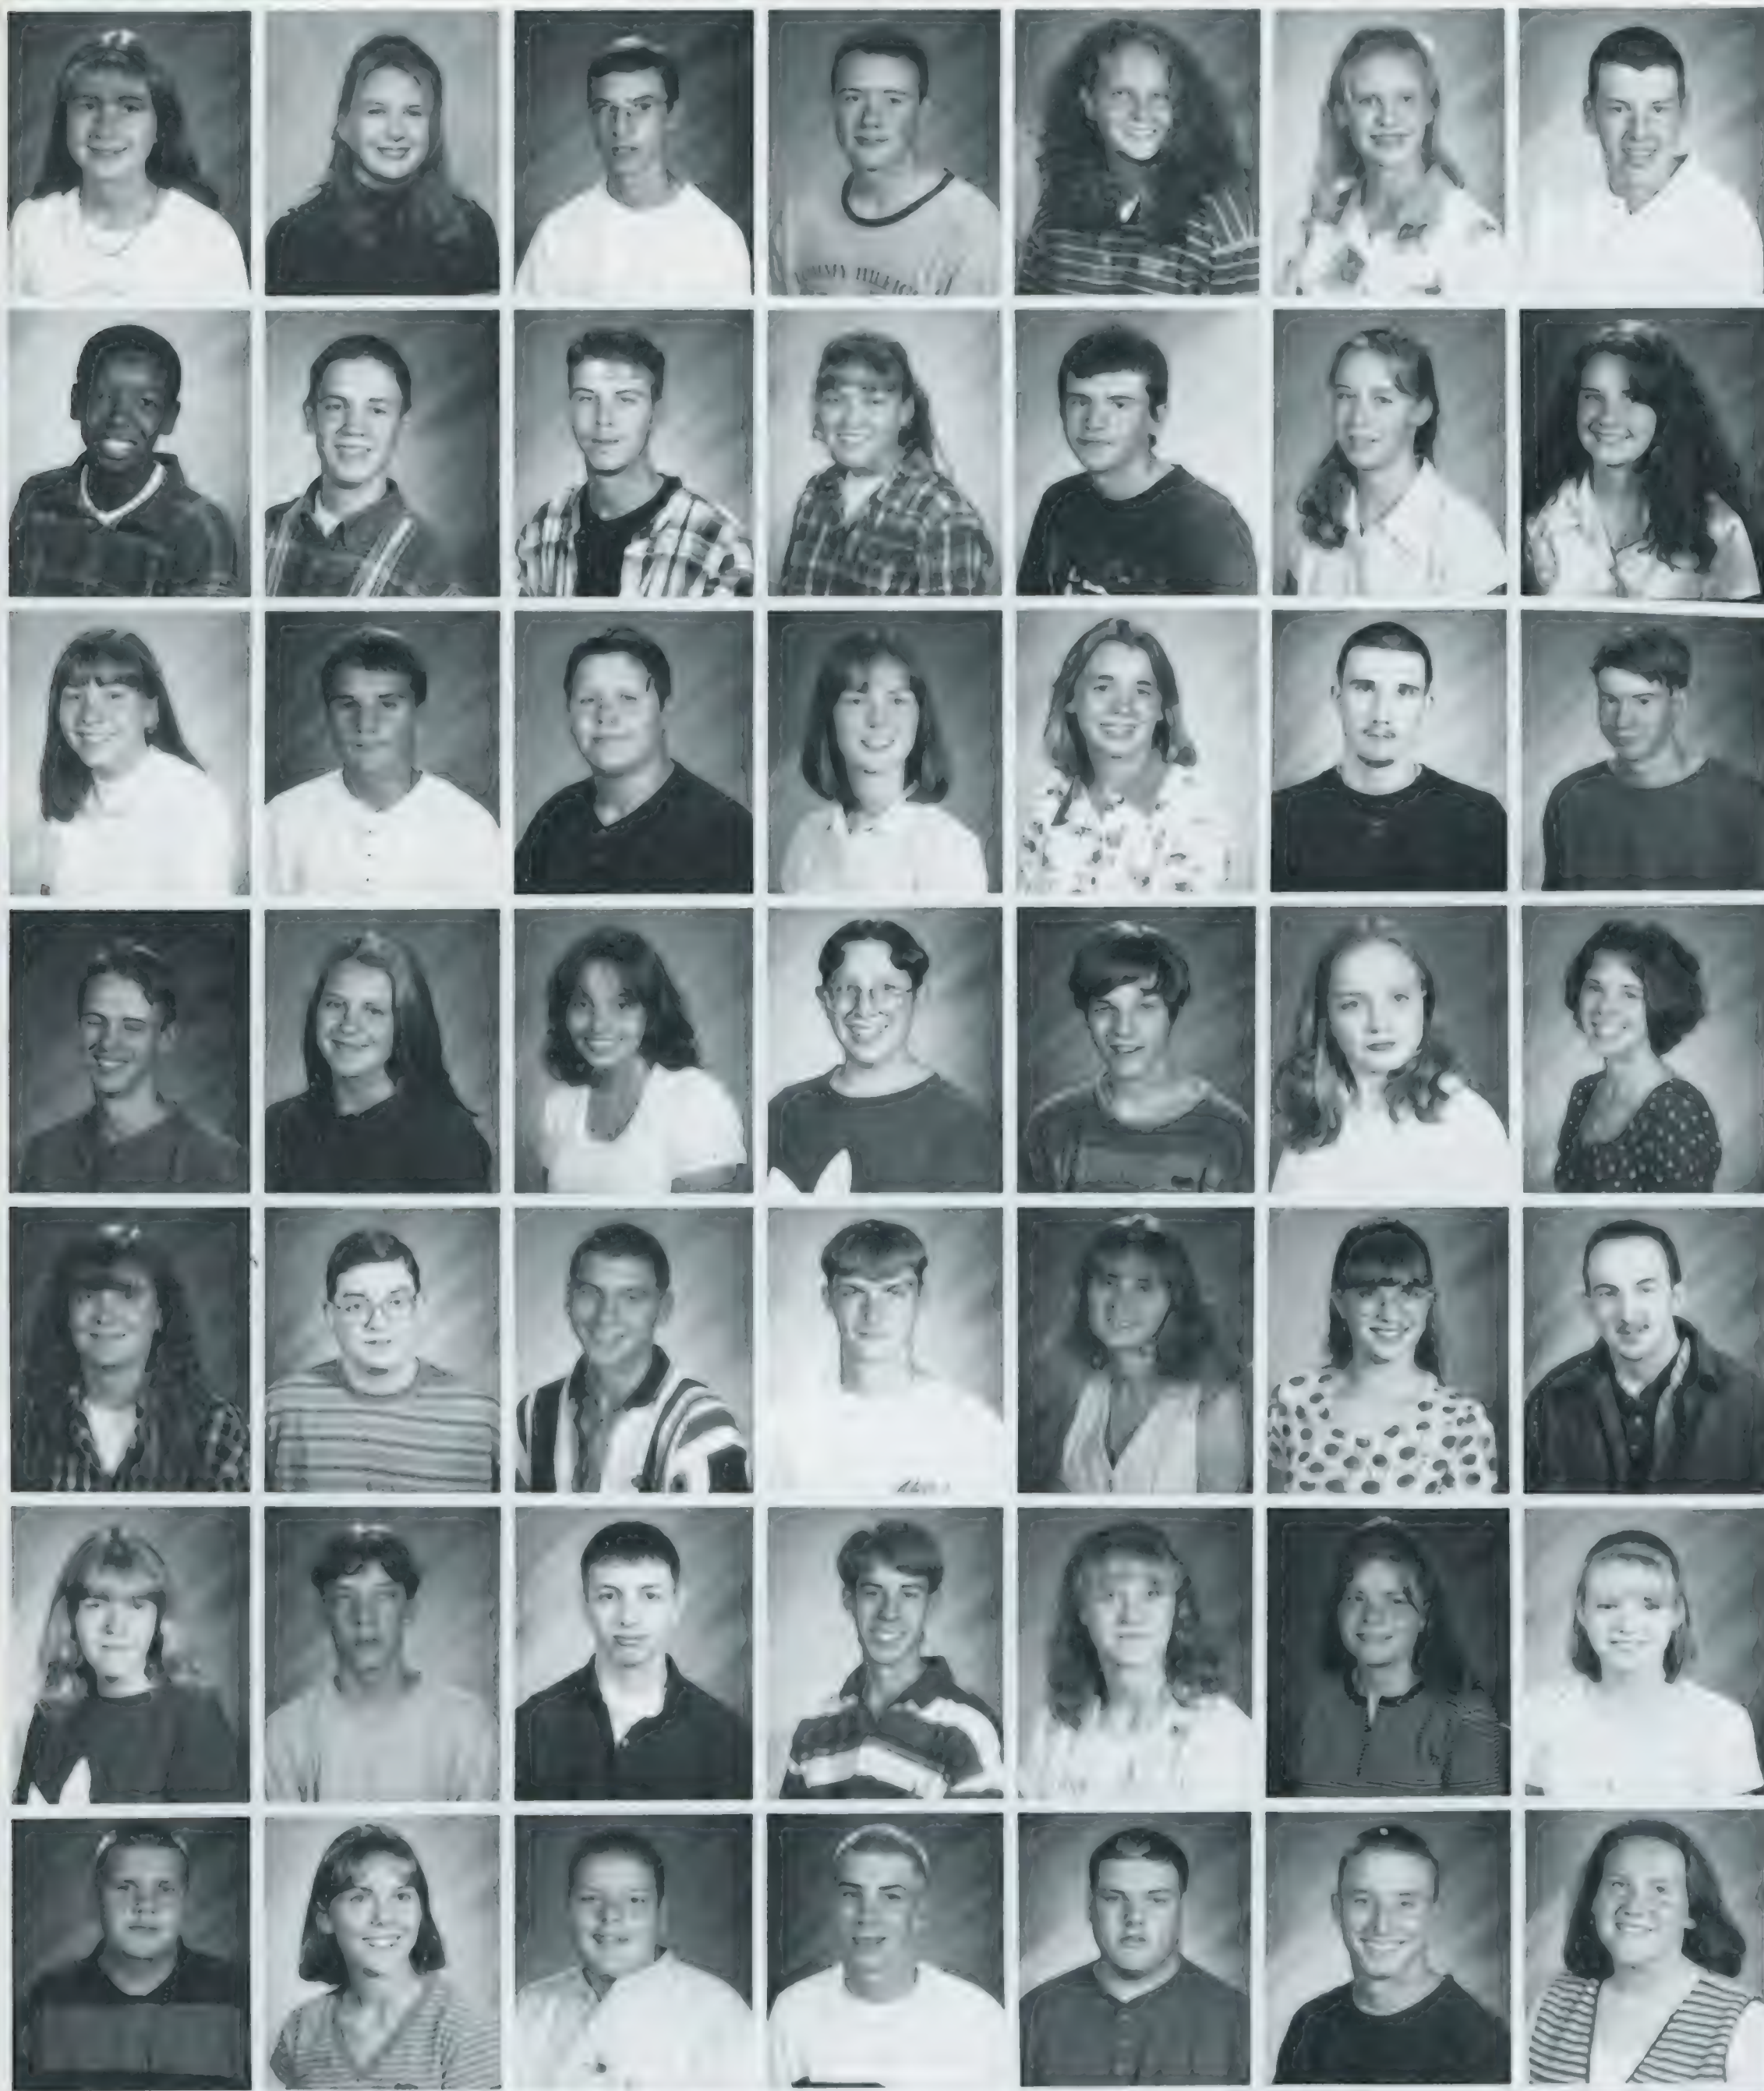

So, even though sophomores aren't quite upper classmen, they still have a lot of fun and a lot to keep them busy.

Junior Class Officers

Left to Right: Alyssa Kreider, Tracey Smith, Matt Buffington, Erin McDonald.

The junior year is a special one. You're no longer an underclassman. You've been around long enough to know people and feel confident in what you are doing. And all the underclassmen look up to you. But along with these benefits come a lot of new activities to keep you busy. When you are a junior, you have your first chance to play (or cheer) in the powder puff game. In the spring, you and members of your class are also very busy planning the junior/senior prom. Some members of the junior class are inducted into the National Honor Society during the late fall and juniors also have the opportunity to participate in the Astronomy Club for the first time.

As if these in school activities aren't enough to keep juniors busy, many people around this age also get their first job. These jobs tend to range from working at McDonalds to working at local nurseries or at one of the local malls.

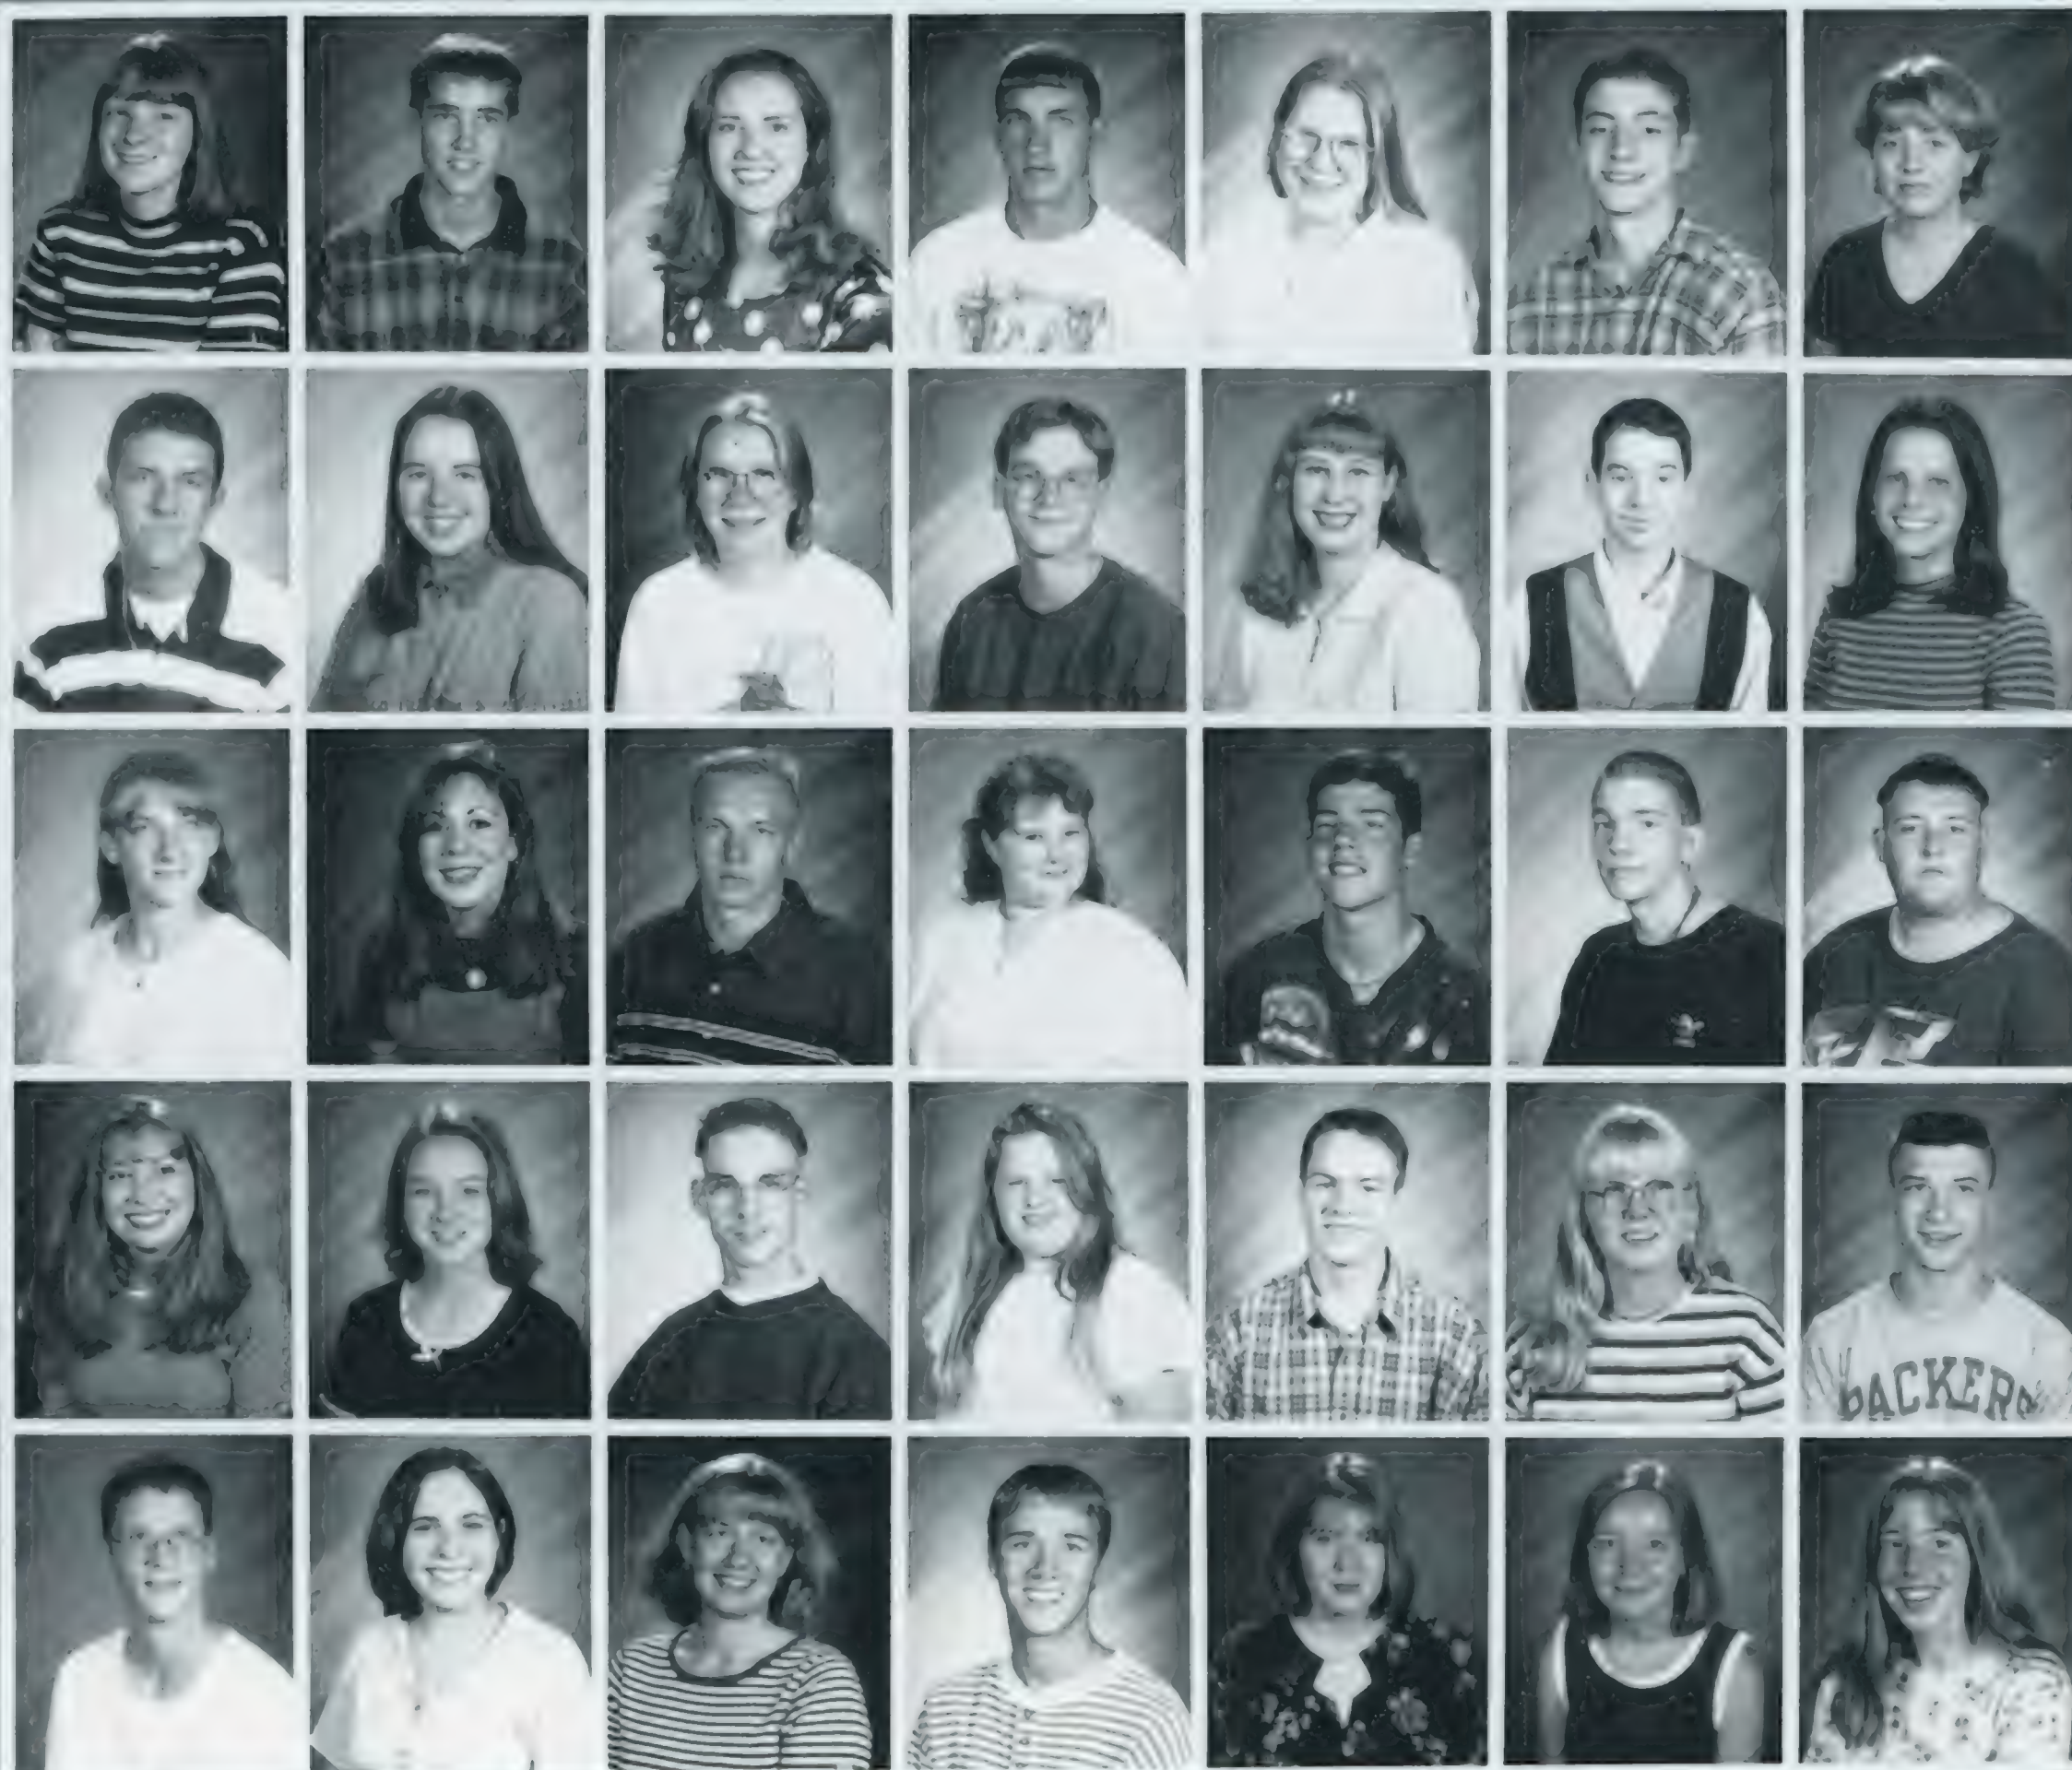

Maybe the most exciting thing about the junior year is that before you know it you'll reach that most anticipated part of high school- your senior year.

Your senior year is one of the most exciting, yet scariest times of your life. It is so wonderful knowing that you're older than anyone in the school and that it's your last year, but it's scary knowing it's time to go out into the real world and leave all your friends. Knowing you're a senior makes life more fun and you get a lot of recognition from people who never noticed you before. You also get to look forward to your senior Powder Puff game and crowning someone in your grade the Homecoming queen and king. Then you get to look forward to all the sporting events, knowing they're the last you'll attend as a high school student.

When spring break rolls around you start getting extremely anxious because school is more than halfway over and you have only one quarter left. You then begin your Senioritis phase. Also, prom is so much fun knowing it's your last high school dance and enjoying the time with your friends.

Seniors look forward to Senior Skip Day and going to Grads' Night because it's a special day at Kings Island just for soon-to-be graduates. This is when you start counting down the days left and you become very excited that graduation is almost here. Before you know it, the big day comes and you walk into Reyonlds Gym a senior and walk out a THS graduate.

Cancer

June 22 - July 22

Typically, Cancerians are protective, tradition-bound, and very family oriented. They are also usu-

ally perceptive and have good memorization ability. To find out how realistic these stereotypical characteristics are, we chose Mrs. Thomason to answer some questions concerning her personality. Here's how they compare.

Q: Would you say you have good memorization skills?

A: Not with numbers!

Q: Are you a family centered, tradition-bound person?

A: Yes, I am nurturing to my family, and keep track of family history, but in religion, I am not as tradition bound.

Q: Do you consider yourself introspective?

A: Highly.

Q: Do you need a strong sense of security?

A: Yes, with myself and regarding finances. However, I do take risks with other areas in my life, such as travel and some relationships.

Q: Does it seem that you sometimes build boundaries around yourself?

A: Yes, it helps to give me a sense of security. I usually don't consider this an advantage, though.

JVS: *Preparing for the Future*

Every year, several Tecumseh students attend Springfield-Clark JVS developing useful vocational skills which prepare them for the working world. Some students choose to split their day between JVS and Tecumseh, while others have the option to attend JVS the entire day.

JVS offers hands on experience for many programs. This variety of opportunities includes photography, cosmetology, business, commercial art, horticulture, drafting, auto-body mechanics, and electronics technology. After these students have improved their skills, they have the chance to try them out in jobs that are related to their area of study.

Scorpio

Oct. 24 - Nov. 22

Typically, those born under the sign of Scorpio are nonconformists who are strong-willed and revel in risk. They are sometimes

viewed as jealous and possessive. To compare this stereotype with an actual personality, we asked Mr. Drew Gross the following questions.

Q: Do you see yourself as strong-willed and driven to take risks to achieve your goals?

A: Very much so.

Q: Has anyone ever accused you of being jealous or possessive?

A: I don't think so.

Q: Are you the type of person who has a certain taste for conflict?

A: Yes, conflict is a great teacher.

Q: Would you consider yourself to be a perceptive person?

A: I think so, yet sometimes, I'm the last person to see the clear and obvious.

Q: Do you appreciate the simplicity in life?

A: Yes, it is the bread of life. Simple is often awesome.

Q: Would you say you are a nonconformist who enjoys challenging authority?

A: Fight Gravity!

Beyond the Classroom

Tecumseh offers many specialty classes such as the Family and Consumer Science and Work and Family Life Programs. Also, we have a whole department devoted to Industrial Technology. Finally, we have a few Theatre Arts classes for those interested in that field.

The Department of Family and Consumer Science as well as the Work and Family Life Programs contain such classes as Life Skills, which helps students develop their skills which enable him/her to survive on his/her own. Other classes include Food Power, Life Planning, Teen Choices, Marriage and Family, and Independent Living and Parenting. All of these classes give students the opportunity to perfect their skills and prepare themselves for the future.

The Industrial Technology Department has classes such as Introduction to Industrial Technology, Physical Technologies, Electricity, Metals Technology, Manufacturing Process, Woods I, Woods II, Engineering Drafting, Advanced Metalworking, Welding Technology I and II, Technical Woodworking and Manufacturing, Architecture, Engineering Design, and Cabinetmaking. These classes prepare students for the technical world and matures their skills with creativity.

Lastly, Tecumseh offers Theatre Arts I and II. In these classes, basic technical theatre principles are introduced. This includes crew work, construction, publicity, makeup, costumes, and stage direction. Also, much interpretation and analysis of drama from a directorial point-of-view is studied. In these classes, students gain experience in various theatrical modes.

Each of these classes contribute to Tecumseh's wide variety of course selections.

VIRGO

Aug. 24 - Sept. 23

Those people who are born Virgoes are often thought to be perfectionists. They are logical, practical, and methodical. They also like

order and organization in their lives. Does Mrs. Betsy Wyatt agree?

Q: Do you analyze things?

A: Oh Yes! Symbolism, theme, etc... I am the one who figures out the end of a movie or book based on clues given.

Q: Are you logical, methodical, and practical?

A: Only occasionally - I tend to make hasty decisions on the spur of the moment, but then I rethink and apply logic to them before I go forward.

Q: Would you consider yourself a perfectionist?

A: NO WAY! Perfect people are anal-retentive and I'm the one trying to make them laugh at themselves, when it's appropriate. I may expect this perfection of others (i.e. students) however, because I do know what is to be done and how well it should be done.

Q: Do you like order and organization?

A: Yes - especially in my kitchen. I like it, but it doesn't always happen, and that's o.k.

Q: Are you cautious?

A: Not, really. I often jump forward, stop and think, then redirect or go forward if needed.

Gemini

Characteristically, Geminis are appreciative of the arts and crave new

experiences and change. They are viewed as capable and confident because of their charm and mental quickness. Mr. Brad Bishop answered the following questions for comparison.

Q: Do you have an appreciation for language and performing?

A: Yes, I love to read and perform, musically and dramatically.

Q: Do you hate conformity and routine?

A: I don't hate it; I can accept people who go outside the norm, but I don't feel the need to go against the norm myself.

Q: Are you the type of person who craves change?

A: Not really, sometimes major changes scare me, although I usually like it after the fact.

Q: Would you consider yourself curious and experimental?

A: In some ways, yes, but in all honesty, I have put most of my experimenting behind me.

Q: Would you say you have remained youthful in spirit?

A: I like to think so, but I'm not sure we can judge ourselves in that aspect.

Senior Projects

Every year, many Tecumseh seniors are kept busy with a variety of special class projects, in addition to regular assignments, college preparations and any extracurricular activities.

For government class, all seniors take part with the mock trials in their individual classes. The students are each assigned parts for the trial which typically lasts for several days; these parts include defendants, attorneys, witnesses and jury members. Later in the year, everyone in the senior class participates in a mock congress session in the auditorium for the entire day. The students are divided into "pro" and "con" sides, arguing for or against bills dealing with controversial issues such as prayer in school, capital punishment, the drinking age, school uniforms, and the legalization of marijuana for medical purposes.

Students in the Engineering Physics class also have their hands full, applying concepts they've learned in class to projects which they work on many hours out of class. Their projects include mousetrap cars, balsa wood bridges, an egg drop, and a nuclear power debate.

Clearly seniors have a lot to keep track of, but learning how to juggle so many projects and responsibilities is great practice for organizing their lives once they're out of high school.

Aries

March 20 - April 20

Arians are the zodiac's warriors who are proud of their individuality,

and often challenge authority. They are often assertive, outspoken, and energetic. Mrs. Kristin Meeks seems to fit this description.

Q: Do you consider yourself to be assertive, even outspoken at times?

A: Yes, this is one area that has worked to my advantage at times (in the classroom) and to my disadvantage at times (in relationships).

Q: Do you grow impatient?

A: Very, checkout lanes make me crazy because I think about all of the other things I could be doing.

When people don't seem to understand what I'm saying or when I have to repeat directions, I get frustrated.

Q: Would you say you resist constraints?

A: I would have to say yes.

Q: Do you see yourself as an energetic person?

A: Yes, I have a tendency in the past to spread myself too thin.

Q: Have you ever found it especially hard to concentrate on what you're doing?

A: All the time. I am distracted by an ant on the wall. My attention span is extremely short. I find myself drifting to other things I need to do.

Making the Grade

We all know what it is like burning the midnight oil, trying to cram in all that information you missed while doing homework for that other class. Studying is a part of every student's life...well, most students. This is why we felt it necessary to give a few helpful hints.

1. Take good notes. (perhaps in various colors)
2. Pay attention.
3. Read required assignments.
4. Study a little every night, don't just cram right before the test.
5. Form small study groups with fellow classmates.

"He's the reason Cliff notes were invented." (Reality Bites) Really, why were Cliff notes created? Is it because the novels are too hard for students to understand, because we just don't have time to read the actual books, or is it because we are just too lazy? It is probably a combination of all three in the long run. Nine out of ten students asked said they have used Cliff notes as a substitute for the book, or just as a reference.

Kira Davis shows us her Cliff Notes.

Your heart beats fast, your palms sweat. You suddenly realize, "Maybe I should have studied!" (see above) Testing can be a terrifying experience, but as students of Tecumseh, we all must go through it. Here's a few tips for the next time you're faced with that deathly word...TEST!

- 1. Be prepared.
- 2. Don't panic
- 3. Get a good night's sleep.
- 4. Eat a good breakfast.

Taurus

April 21 - May 21

Often, Taurians are stubbornly focused and methodical and they usually

have a strong appreciation for nature. Also, they can tend to sometimes be jealous and pessimistic.. To see how accurate these and other Taurian characteristics are, we asked Mr. Scott Herbert the following questions.

Q: Are you usually practical and methodical?

A: No.

Q: Do you consider yourself possessive or controlling?

A: I like to have control in most situations.

Q: Would you consider yourself conventional and conservative?

A: Quite the opposite.

Q: Are you attuned with nature?

A: In many ways, but not as much as I should be.

Q: Do you see yourself as faithful and moralistic?

A: Whose morals?

Student Teachers

Student teachers are a significant part of high school teaching. They give the teacher a break, the students a different perspective, and the student teachers a wonderful learning and teaching experience.

This prepares the college students to become better equipped to go out on their own and become better teachers in the future. We were fortunate enough this year to have three student teachers. Mr. Todd Paul observed and then took over for Mrs. Bartlett in the government classes, as well as in Mr. Zeller's world history classes. Ms. Winks helped Mrs. Meeks and Mr. Herbert in their biology classes. Also, Ms. Catherine West inspired Tecumseh's seniors in Mr. Gross's sociology classes.

AQUARIUS

Jan. 21 - Feb. 18

Typically, Aquarians are strongly dedicated and self-denying. They are

viewed as outgoing, flexible, freethinking and creative. Also, those born under this sign seem to be more receptive than others. The following questions were answered by Mrs. Mary Donnellan to analyze the similarities and differences.

Q: Are you outgoing? creative? freethinking?

A: I am very outgoing and freethinking, but sadly lacking in creativity.

Q: Would you consider yourself more of a spiritual person or a materialistic person?

A: Spiritual.

Q: Do you find yourself curious?

Q: Would you say you like to challenge authority?

A: Not generally.

Q: Are you a natural leader?

Computer Nerds Invade Tecumseh

During the summer, before the 1996-1997 school year, Tecumseh acquired 57 new computers. Our computer lab was expanded with the addition of 30 of those new computers. A second room now adjoins the original computer lab, this second room being only for students who only need to use word processing programs. Students who need to use the photo scanner, create a Hyperstudio project, or would like to use a college and career search program, such as Ohio CIS, or a nation wide scholarship search program, like Tuition Funding Source, can do so in the original computer lab. Tecumseh's computer lab also has a "Quick Take" camera as well as a new color printer.

The library also has a variety of useful computer software, including the 1996 World Book Encyclopedia, Science Navigator, and a program known as Disc Authors, which provides biographical information and criticisms on many important literary figures.

It is expected that most of the computers at Tecumseh will be hooked up to the Internet for 1997-1998 school year, through the online service, Netscape.

Libra

Sept. 24 - Oct. 23

Those born under the sign of Libra like balance. They are careful to have tact and delicacy.

These are the artists of the zodiac, and therefore love beauty. These people are sometimes vulnerable and concerned with making the right choices. Mrs. Stephanie Waugh was our guinea pig this time.

Q: Would you consider yourself tactful?

A: Pretty tactful.

Q: Are you concerned with making the right choices?

A: Oh yes. Decisions are a big problem because I have to weigh all possible sides of the issue. Everyone hates to go shopping with me, because I can never decide.

Q: Do you have a love for beauty and art?

A: Yes.

Q: Would you say that you are a socialite?

A: Somewhat.

Q: Do you sometimes become overly strict and critical?

A: Yes.

She also said, "Things have to be balanced for me in. For example, desks in my classroom must have an even number of kids on both sides, or I feel funny."

Saying Goodbye

For Mrs. Carol Sparks, Mr. Ron Thomason, and Mr. Boyd Marcum, the 1996-1997 school year was there last. Each of them retired and will be greatly missed by both staff and students at Tecumseh High School.

Mrs. Sparks has taught English in the Tecumseh Local School District for twenty-two years. She spent the first nine years at New Carlisle Middle School, and for the remaining thirteen years, she has been here at THS. In addition to teaching tenth and then twelfth grade English, she instructed the Theatre courses, and kept National Honor Society successful and organized. Mrs. Sparks was named the Most Outstanding Teacher in Clark County in 1990. After retirement, she looks forward to travelling, continuing her education, volunteering with literacy programs, and mentoring new teachers. Mrs. Sparks says that what she will miss most about teaching is her relationships with colleagues and students.

Mr. Ron Thomason taught Freshman English at THS for twenty-nine and a half years. He was the advisor for the Chess Club and the Horsemanship club. Since retiring, Mr. Thomason continues to raise and train Arabian horses. He also travels with his Bluegrass band.

Mr. Boyd Marcum also retired from his position of Superintendent of the Tecumseh Local School District with the 1996-1997 school year. For several years, he has been actively involved with a wide spectrum of students' activities and various programs in the district. He will be long remembered for his enthusiastic support and his sincere wish to see students in the Tecumseh Local School District succeed. His absence will be felt throughout the district.

Mrs. Sparks enjoys her last National Honor Society Picnic with Mrs. Zobrist, Seth Morgan, Jim VanOss, Andy McKinley, and Trent King.

Feb. 19 - March 19

Piscians are the most sensitive of the zodiac.

They are also viewed as the most evolved or complete. Those born under this sign often have psychic tendencies, or have strong intuition. These people may have trouble fitting into the outside world. This is how Mrs. Jane Baker compares to this stereotype.

Q: Have you ever had a "psychic" experience?

A: No.

Q: Do you consider yourself childish? dreamy? cheerful?

A: No, no, yes.

Q: Are you intellectual and artistic?

A: Not artistic, I don't know about intellectual!

Q: Would you consider yourself a complete person?

A: Yes.

Q: Do you have a fear of responsibility?

A: No.

When the Halls Where are the

"Ring ring." The bell at 2:20 rings. Where are the students and teachers that usually inhabit Tecumseh High School off to? Snow days, week ends, holidays, inservice days, and spring break. When the halls are empty, where are all the people? Well, we asked some students and teachers what they do when there is no school. Here's what they had to say...

Kristy Whetstone- "I usually sit inside and watch TV, because I have no life."

Mrs. Lisa Moon- "I usually play with my son."

Heather Riddle- "Sleep!"

Carrie Petkovich- "Put scrapbooks together."

Isaiah Blackburn- "I normally work."

Mrs. Donna Zobrist- "I will usually read, or work in the yard."

CapRICORN

Dec. 22 - Jan. 20

Capricorns typically are very responsible, strong-willed, and they usually possess a strong sense of rationality. Driven by their fierce work ethic, intense concentration, and matchless determination, they are often very successful in life. Mr. Lowstetter answered the following questions to see how well his personality matched the description.

Q: Are you swayed by the views of others?

A: I am, but it depends on who the others are. I am swayed by the people I admire and respect.

Q: Would you rather look back at the past or toward the future?

A: A little of both. I look mostly toward the future.

Q: Do you enjoy solitude?

These explorers and teachers of the zodiac are curious, but view life with a skeptical eye. Sagittarians are fasci-

nated by ideas and are viewed as very understanding. Those born under this sign are also thought to be work-a-holics. Mr. Steele helped to compare these characteristics.

Q: would you consider yourself curious and adventurous?

A: Yes.

Q: Do you find yourself fascinated with learning and understanding new ideas?

A: Yes.

Q: Would you characterize yourself as a work-a-holic?

A: Yes.

Q: Does teaching and explaining to others come naturally for you?

A: Yes.

Q: Are you a person who loves to travel and explore both mentally and physically?

A: Yes.

A Simple Guide

College. For many, especially freshman and maybe sophomores, it looms far off in the seemingly distant future. As juniors and seniors, however, we are faced with the reality of making serious decisions about our future, and applying to colleges. Some people realize that the college path is not something they wish to pursue, but for those that do feel that furthering their education is the right thing for them, choosing a college is one of the most significant decision of their lives. Some lucky students know exactly what they want to study and which school they would like to attend. For those students, however, who aren't quite so sure, here are a few tips to help out with the college search.

Alyssa Kreider contemplates over which college is the best for her.

1. Start Early

Beginning with your junior year, you will probably be getting lots of college brochures in the mail. Organize them!! A large box or crate of some kind is a good idea, otherwise, you'll have a mountain of college brochures growing daily in the corner of your bedroom. Keep an open mind, but throw away stuff you don't want. The sooner you start narrowing down the possibilities, the less stress you'll have to go through when the time comes for applying to colleges. Also, by the end of your junior year, it's a good idea to have taken the SAT and the ACT at least once.

for College Planning

2. Decide What's Important to You

If you honestly have no idea what college you want to attend, you have to realize it's up to you, and only you, to decide where you want to go, so get busy! Ask yourself how important the school size and location are. Do you want a school with a quiet, small-town setting, or do you want to be in a busy urban area? Consider academic programs- that's the whole point, isn't it? Do they have strong departments in the field which you want to study? How important are student activities and athletics to you? Will tuition and financial aid be important issue (Almost Always!)? It's easiest if you consider these aspects of college and have in mind a good idea of what you want before you start looking through brochures.

3. Collect Info and Compare

Once you know what you want, it's time to start comparing what different schools have to offer. If anything major about a school conflicts with something you've decided is important to you, eliminate that school, and move on. Look through brochures, or even better, get a book from the guidance office or library which provides unbiased information on various colleges. Talk to parents, teachers, guidance counselors, current college students, or alumni from a school you're considering. They may be able to offer different perspectives on a certain school. Narrow your list down as much as possible before applying- ideally about five, probably no more than ten. Visit as many of your final possibilities as you can - that's the only way to truly get a real feel for the campus. You can't rely on campus brochures and books for an accurate idea of the campus atmosphere. Once you've mailed your applications (by Thanksgiving - NO LATER than Christmas), and apply for financial aid, RELAX, and wait for the acceptance letters!

National Honor Society

National Honor Society is a national organization open to juniors and seniors who have earned at least a 3.5 GPA and met other requirements for service and character. Members are also required by the national charter to complete 10 hours of community service. This year's new members were inducted on December 2 during an in-school ceremony and were also honored on December 11 at an evening ceremony to which family and friends were invited. Among the new inductees were three seniors and thirty-two juniors. This year's honorary teacher inductee was Mrs. Grusenmeyer and the advisor was Mrs. Sparks.

Soon after the new members are inducted the group begins planning the annual Sadie Hawkins dance which takes place in late winter. Groups members also serve at annual Senior Citizens' Luncheon right before Christmas which many community members attend.

Future Farmers of America

F.F.A. TAKES FIELD TRIP

In November the Future of America took a week long trip to a week long trip to Kansas City, Missouri. While there they learned about technologies in farming, saw the national officers speak at the national convention, and went to farming trade conventions. The trip was educational as well as fun. Senior Nikki Linkous won the Proficiency Award for Science and also the National Degree award for F.F.A. along with graduate Max Martin. Those who went on the trip include freshman Kristen Hohl, sophomores Rusty Lane, Lahela Stoner, Josh Rayburn, Mandy Gorby, Elizabeth Davenport, Josh Brittingham, Lacey Coe, Jason Ward, and Wayne Loaki, juniors Jamie Kline, Annie Jones, Jason Trostle, Angie Greene, Danny Finrock, Amber Rapp, and Amanda Zicht, seniors Sam Akers and Buffy Bouch. Mr. Finrock and several other parents went along as chaperons.

ROTC

Air Force Junior ROTC is a program initiated to educate high school students in citizenship, promote community service, instill responsibility, character, and self discipline, and provide instruction in air and space fundamentals. A new edition to the ROTC program this year was Sergeant Ruiz who teaches the program along with Col. Peirollo. As a part of this class, the students are required to wear their uniforms every Wednesday. Also, they participate in numerous competitions throughout the year. Every year they hold an annual Dining-In to honor the Corps hard working cadets. Also, they sponsor the Christmas Dance to raise money for needy families during the Christmas Season. This past year they raised around \$4000 dollars to donate to local families.

SADD

Students Against Drunk Driving (SADD) is the largest club at Tecumseh with over 300 members. In order to become a member, students have to pay a fee of \$3.00 and sign a SADD contract (along with their parents). This year two new SADD advisors, Mrs. Lafayette and Mrs. Zechman, took over the group. They have both worked really hard along with the SADD officers and coordinators to organize the many events that the group sponsors throughout the year. The biggest activity, the After Prom party, was April 26 from 11p.m. to 4 a.m. Over 200 students attended and had a great time participating in the many games, the most popular probably being the Sumo wrestling. A few days prior to Prom SADD presented the mock crash to heighten students' awareness about drunk driving and its effects. SADD even got its message out to elementary schools in the school district. Officers and coordinators presented various skits to students about the ill effects of alcohol and drugs.

Nutrition Advisory Council

Do you ever get that hungry feeling on Tuesdays because lunch is an hour later due to activity period? Well, the members of the Nutrition Advisory Council have it made. This club meets to taste test food then determine if the student body would enjoy these different items.

Mrs. Montgomery, food service supervisor, organized this club a few years ago and since then students have been giving input about the lunch and breakfast selections. In addition to trying new foods club members make recommendations on improving the current menu.

Thomason's Retirement Leaves Void on Club Day

This year one of our most distinguished teachers left us and his leaving impacted not only his classroom but also activity period each Tuesday because he served as the adviser to four different clubs. Mr. Ron Thomason retired this past winter after teaching in the district for 29 1/2 years. As well as teaching freshman English, he coordinated the Chess 9, Chess 10, Chess 11 & 12 and Horsemanship clubs. The horsemanship clubs have taken field trips to his farm in previous years to see his Arabian horses. Club members also learned how to properly care for horses and what should be in a well balanced equestrian diet.

Mr. Thomason retired so that he can spend more time raising his horses and playing the banjo and the mandolin in his bluegrass band. To enjoy his new freedom he planned to go out west to ride his horses and visit horse shows. He said he will miss teaching and all the students here.

Office Workers

Each year many students get to escape from sitting in study hall and go work in an office. There are six offices you may have the possibility of working in and they include the main office (Dr. Poore's office), the East Unit office (Mr. Lucas's office), the Hawke office (Mr. Ostendorf's office), the Attendance office, the Guidance office, and the Library. Students who work in offices perform an array of jobs consisting of delivering mail to the Board Office to filing papers or even shelving books. The secretaries really appreciate the help and are able to get more pressing matters taken care of.

A Night In Tunisia

The Tecumseh Marching band finished another great season in the fall of '96. They attended many competitions and received their superior rating at the Troy High School Competition. Although they received a rating of II, Excellent, at State they performed a fabulous show and were very pleased with their accomplishments.

Their show this year had a jazz theme. The tunes *Birks Works*, *Round Midnight*, *Manteca*, and *A Night in Tunisia* were all written and performed by John "Dizzy" Gillespie.

The Marching Arrows were led on the field by drum major Maggie Dyer. Their section leaders included Tisha Brown, Debbie Rizer, Emily Meyer, Danny Finfrock, Jimmy Buckles, Kim Holliday, Jacob Kendall, Amber Wilcox, and Crystal Knauer.

Arrows Consistently Improve in '96

The 1996 Lady Arrows soccer team had an average season with a 5-5-5 record. They started out slow, but they gradually got better under the direction of a second year varsity coach, Jim Paxton. Many girls earned recognition from the area and the coach at season's end. They included Angie Coffman with first team all CBC, first team all Miami Valley, second team all North and an invitation to play in the all-star game. Another award recipient was Kerri Bashore with recognition from the CBC coaches to be selected for the All-CBC team and she got Third Team all Miami Valley. Connie Ferguson and Angie Burkhead received CBC Honorable Mentions, and Brandy Arner was chosen for second team all CBC. The coaches' awards went to Connie Ferguson with Most Improved Player and Meagan Myers getting the Golden Boot Award. In tournaments they lost in the first round to Xenia 6-6 and ended the season with an overall record of 5-6-5

Boys' Soccer Breaks Every Record But Two

Ryan Glass and Wes Myers are the key players

The Tecumseh Varsity soccer team had high expectations for this year's season. The team knew they were going to break records and they did with their 12-1-3 record which shattered the previous record of 8-4-4. They were unbelievable on the field. In addition to team records there were a lot of individual records broken also. Ryan Glass broke the record of goals in a season with 23 goals. Even though the Arrows had a great season, they didn't have anything to show for it because Greenon came out on top of the Central Buckeye Conference. However, there was a bright spot for the team, they were ranked #4 in the Dayton area, right below Centerville, Carroll and Northmont.

The Arrows finished out the season with a record of 5-1-1 in the CBC. The varsity played Butler in the tournament and went into double overtime with the final score ending as 6-4. The Arrows went to their next opponent, Troy. They lost this game with a final score of 3-1.

Lady Arrows Fight Hard

This year's volleyball team provided strong competition in the league with a record of 8-14 overall and 5-9 in the CBC. This gave the Lady Arrows a second place tie with the Urbana Hillclimbers in the Central Buckeye Conference. The members that made up this team were Michelle Demmitt, Erin Cobb, Mindy Partin, Andrea Jones, Deena Slanker, Lisa Suver, Amber Morris, Melissa Osborn, Angela Dixon, and Amy Jordan.

Senior Michelle Demmitt led the team in attacks, while junior Mindy Partin led the team in points. Senior Erin Cobb led the team in aces and Junior Deena Slanker had the most assists over the season. Their best game was against Shawnee, when they shut down the Braves. It was a close and intense match the whole time. Unfortunately for the Arrows, they were unable to beat their rival, Northwestern.

Winning awards for the Arrows were: Deena Slanker-Second Team CBC. Mindy Partin - First Team All District, First Team CBC, Second Team All-County, and Second Team All-Area, and Michelle Demmitt- First Team All-Area, First Team CBC, First Team All-County, First Team All-District, and Co-player of the Year.

Tennis has building, learning season

Kristin Artkamp concentrates really hard at hitting the ball.

Emily Marshall ducks as the ball flies toward her head.

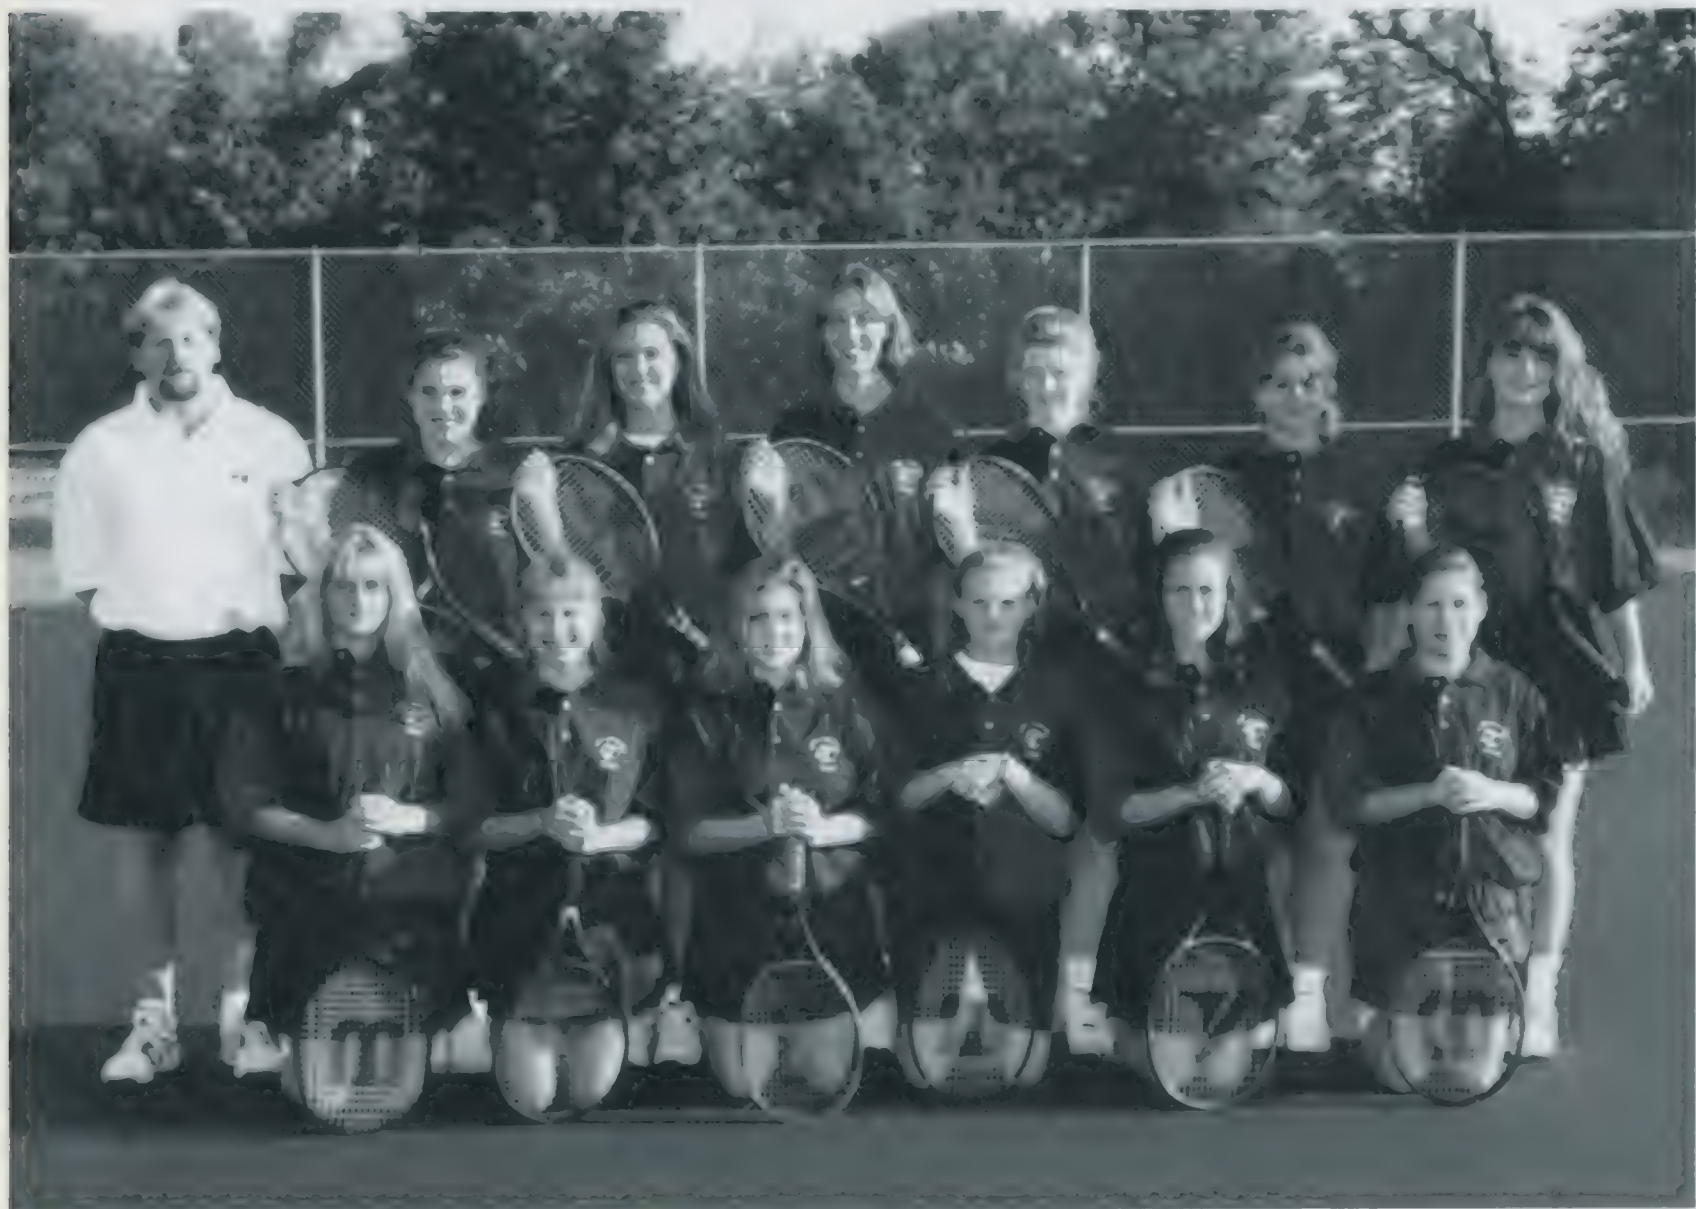

The Lady Arrows Tennis team had a really exciting season this year. Though their record was only 1-19, the Lady Arrows had a great time and learned many new skills from their coach, Mr. Herbert. This was Coach Herbert's first year coaching the girls' tennis team, but he took it all in stride and did an excellent job.

Playing for the Lady Arrows was Carrie Petkovich at first singles; Becky Cox at second singles; Kristen Artkamp at third singles; Emily Marshall and Heather Gunter at first doubles; And Liz Ruhmund and Sheri Coburn at second doubles. The JV team consisted of Annesia Massie, Beth Leach, Christina Webb, and Marianne Broadwater.

The ladies only win was against the Wayne Warriors, whom they beat 3-2. In sectionals Carrie Petkovich, Becky Cox, Emily Marshall, Heather Gunter, Liz Ruhmund, and Sheri Coburn made it to the second round before getting defeated.

But despite all their success, the Lady Arrows had one drawback, no courts! At the beginning of the season the team was told the courts would be done mid-season. Unfortunately, the courts did not end up getting done till after the end of the season. Therefore, the Arrows were not able to have any home matches.

Instead of having the traditional banquet at school, the ladies headed to Pizza Hut and the awards were handed out there. The MIP Award went to Christina Webb, while the MVP Award went to Carrie Petkovich.

Woodyear and Collins team MVP's

Woodyear qualifies for Regionals- first THS runner in 12 years

This year's Cross Country team did not have enough members to make up a full team but individuals still had very successful seasons.

Since they were unable to compete as a team, each member ran for individual records and awards. Running for the Arrows were Rob Collins, Jim Strayer, Tim Coyle, Christin Woodyear, Anna Potters, and Krystal Friederich. Joining late in the season was Adam Dresel, who was only able to run in one meet. Jim Strayer and Rob Collins were third year Varsity runners while the rest of the team were first year runners. Coaching the Cross Country team was Mr. Corbin.

At the season's end awards were passed out. Winning awards for the Arrows were Rob Collins, who received the MVP Award for the boys, and Christin Woodyear, who received the MVP Award for the girls. Rookie of the Year Awards went to Tim Coyle and Anna Potters. Tecumseh would especially like to congratulate Arrows' runner Christin Woodyear on being selected for First Team CBC, Second Team All County and for being the first Regional qualifier THS has had in twelve years!

Golf team goes "FORE" it

The Tecumseh Golf team worked hard this season and it really paid off. The final record for the 1996 season was 14-6. The Arrows were lead by seniors Edward Davidson, who qualified for first team All-County at Snyder Park, Clint Evans, and Andy Reid.

"We're losing three seniors that will be hard to replace," comments Coach Mike Castin. However, he has high expectations for the returning players.

Successful Season of Girls' B-ball

The Tecumseh Lady Arrows had an excellent season this year. The Arrows went 5-9 in the CBC and 8-12 in their regular season. One of the highlights of their season was beating their number one rival, Northwestern, both times. Another highlight of the season was when Amber Morris broke the previous assist record with her new record of 141 assists.

The Arrows lost in their tournament game to the Wayne Warriors, 58 to 45. It was hard for the seniors to see the season end with such a tough loss. This year the ladies will be losing four seniors: Michelle Demmitt, Carrie Petkovich, Mandy Rinker, and Amy Stafford.

Many awards were passed out at the banquet. Michelle Demmitt received the MVP Award, Mindy Partin received the MIP Award, and Amber Morris received the Arrow Award.

Arrows Win CBC

The Arrows varsity basketball team did an outstanding job on the court for the 96-97 season. They ended up with 12 wins and 9 losses with a season record of 12-9. Kenny Berkshire helped the Arrows out down in the post position. Kenny was selected for 1st team All-CBC, 1st team All County, and Honorable Mention in the Mid-Western District. Ryan Glass won the honor of being on the 2nd tem All-CBC.

Coach Macklin gave out awards at the end of the year and Kenny Berkshire got MVP, Clint Evans got MIP, (Most Improved Player) and David Craycraft got Defensive Player of the Year. The Arrows came out on top in the CBC sharing the title with Kenton Ridge. Shawnee came close but came in 2nd place. Tecumseh lost their first tournament game to Sidney with a score of 62-50.

Arrows Put Forth Strong Effort

Robbie Smith and Justin Doggett take time out to talk wrestling man-to-man.

The Tecumseh wrestling team finished a tough season with a record of 4-9. The team consisted of one senior, two juniors, five sophomores and six freshmen, however they managed to be runners-up in the CBC. They also had five District qualifiers.

Freshman Kyle Doggett, who had over 20 wins for the season, was a CBC champion and was 3rd in the Sectionals. Justin Doggett, a sophomore, had 29 wins, was 3rd in the CBC, Sectional runner-up, and placed in all tournaments this year. Jeremy Snyder, also a sophomore, was a CBC champion, had 29 wins, and also placed in all the tournaments this year. Junior, Robbie Smith, was CBC runner-up, 3rd in sectionals, and had over 20 wins. Jason Beecham, a senior, was CBC runner-up, 3rd in Sectionals, and a district qualifier. Several others placed in the CBC, including Travis Wegley(2nd), Anthony Emberton(3rd), Josh Thomas(4th), and Josh Rayburn(3rd).

Coach Scott Herbert commented, "I'm very proud of the team. They exceeded my expectations for such a young team."

Power Lifting Proves Powerful For Arrows

As the years move forward, so does the popularity of the Tecumseh Power Lifting team. Each year more and more meets are scheduled since it is becoming increasingly popular in other schools as well. A common misconception is that this "sport" is only for the football players. This is not true. Power Lifting is for any individual who is interested improving his/her physical health by using weights. Girls and guys alike visit the weight room every Monday, Wednesday, and Thursday after school to work out with their fellow lifters. Then a couple of times a month they travel to different schools to compete. There are three different stations of lifting: squat, dead lift, and the bench. Although this is an individual sport, the lifters get awards for themselves as well as the team.

Young Athletes Work Hard Without Much Glory

They may not receive as much recognition and usually not as many fans attend their competitions, however, these young athletes are really the backbone of the athletic program. These junior varsity and freshmen team members are the stars of tomorrow. They work hard, sweat and practice tirelessly with the hope of doing well for their team this year and improving to make varsity the next.

Arrows Baseball Improve in '96

Sadly but surely, everything comes to an end; including the 1997 baseball season. The boys have worked hard and came a long way from where they were at the beginning of the season. Practicing and playing games nearly every day kept the team disciplined and in top form. "Coach Culbertson does a great job with the kids and they work hard every night," claims Mr. Lucas. Here is the last recap of their stats until next year.

Varsity had a double header against North on the 26th. The 1st game was lost 8-5. Berkshire and Snyder both had HRs in that game. The second game was close but conquering were THS with a score of 17-16. The boys gave up 14 runs in the bottom of the seventh inning but held on to keep their lead. Rayburn had a HR in that game. The succeeding game was against Greenon. THS had dominating lead of 6-0 throughout the entire game. It was a great game for John Reynolds who was 2-3, got a double, and a HR. Freshman, Brad Gentry, pitched his first shut out. "I felt pretty good," says Gentry. The next game was opposing Troy and not in our favor. Berkshire had two HRs and Burcham and Olinger each had one. Following this game was hard fought, but lost to Northeastern. The score was 7-6. They feel there were lots of little errors.

"Our team unity has come a long way and so has our maturity. I think are learning what is expected of them and how to represent Tecumseh," says coach Trisler (also an English teacher here). Here are the results for J.V. as of press time.

The boys had been scheduled to play Kenton Ridge three times but every time get rained out. In the game they did get to play against them, THS came out on top with a score of 15-9. Chris Burnett did a great job pitching in closing innings. The team is proud of accomplishing their goal to beat KR. Next Greenon was put to shame by the Arrows with a score of 17-9. The team hit well overall. Ken Spicer had a great play at short stop. Andy Stephens, #17, denied a run for Greenon by getting an anxious runner out at first base after sensing a steal. The following game was lost to Troy. Nathan Mills and Wesley Snider did well at pitching under such pressure.

Memorable moments of the season were Ryan Hall being hit in the head in the Troy game, Adam Lightner had a HR at Northwestern, and Derek Calkins hit the scoreboard at Urbana with his HR.

(back) Nick Williams, Jon Reynolds, Brad Gentry, Kenny Berkshire, Joel Ulrich, Cory Snyder, Nathan Burcham.

I think I can! I think I can! Says Trent King while on his way to first.

Brad Gentry tries to stop the runner from advancing to second base.

Joel Ulrich is hoping that he can get to the base before the baseball gets there.

Nick Williams' heart is pumping while he tries to pitch a strike.

Cory Snyder does his impression of Ozzie Smith.

Matt Walsh concentrates on the ball while throwing from third base.

Is Kenny Berkshire out or safe?

Softball Team Has Strong Season

As the 1997 softball season came to an end, the varsity girls had more to show for it than they had figured. The girls were proud of their 9-5 record in the CBC and making it to the top half of the league. This year's varsity softball team consisted of Michelle Demmitt, Muffy Fisher, Mandy Rinker, Amy Stafford, Michelle Jamison, Buffy Bouch, Tracey Smith, Amber Morris, Melissa Osborn, Amber Rapp, Melissa Hamby, Melinda Calhoun, and Misty Bowen. The team was coached by Mrs. Nagal. Coach Nagel feels the girls were aggressive in base running and is happy with the team's attitude.

The Arrows tournament was May 9th, against Vandalia Butler. The ladies put up a hard fight but ended up losing 1 to 2.

At the banquet Michelle Demmitt recived the MVP Award and Michelle Jamison received the MIP Award. Other honors were: Michelle Demmitt-First Team All State, Amber Morris-Second Team CBC, and Muffy Fisher and Amy Stafford with Honorable Mentions.

Overall, the girls have had a gratifying season and hope to do as well next year. Farewell to the six seniors who did a great job this year. They are Michelle Jamison, Amy Stafford, Mandy Rinker, Michelle Demmitt, Buffy Bouch, and Muffy Fisher.

Amber Rapp cheers on her teammates.

Amy Stafford lets loose her next pitch.

Arrows Track Combines and Prevails

Melissa Slone and Christian Woodyear go the distance in the 1600 meter.

Despite a rough start due to weather conditions, the Arrows track team has managed to pull off a pretty good season. Several of the track members went to Districts. Andrea Jones in the hurdles, Mandy Hall in the 200m dash, and T'chrieyah Liming in the long jump, 4x100, 4x200 and 4x400m relay teams for girls. Josh Berner went to the districts in the long jump and the 400m. Brian Fraley represented THS in the pole vault. One reason the track team was so successful can be attributed to their head coach, Mrs. Meeks.

"We have changed many of the rules this year. We have implemented some different work-out regimens and stricter rules about being at practice." Mrs. Meeks feels that this will help the team members have an excellent work ethic and have improved their speed and strength tremendously. Also, in the past, the girls and boys team have been separate. Now however, they are more team oriented and doing a lot more together.

"We plan on taking several athletes to indoor meets next winter to compete and continue to focus on the Bigger, Faster, Stronger program." She also commented that she has truly enjoyed working with these athletes and is looking forward to next year's season already.

Row1: Christian Woodyear, Crystal Knauer, Mandy Hall, Andrea Jones, Brad Ryles.
Row 2: Karen Gabriele, Brandy Lokai, Sean Jackson, Tracy Wells, T'chrieyah Liming, Angie Greene, Melissa Slone.
Row3: Coach Caine, Coach Meeks, Booby Elrod, Josh Thomas, Josh Berner, Matt Kracium, Brian Fraley, Coach Massie, Coach Panter.

Did I clear the pole? Crystal Knauer wonders as she completes the high jump.

Season Tough But Rewarding

This year's tennis team had a tough but rewarding season. The Arrows started off slow but ended up with three wins. Their overall record ended up being 3-15.

The varsity team consisted of Nat Benoy at first singles, Jason Inman at second singles, Jeff Woelfer at third singles, Jason Woelfer and Nick Doering at first doubles, and Nick Studebaker and Ryan McClymonds at second double. The JV team only had three players, who were Rob Collins, Jacob Lum, and Andy Romer. The teams were coached by Mr. Castin.

At tournament, Jason Inman made it to the second round and Nick Studebaker and Ryan McClymonds made it to the third round.

At the banquet, Jason Woelfer and Nick Doering received the MVP Awards. And Jeff Woelfer received the MIP Award.

Ryan McClymonds slams an ace over the net.

Jason Inman is quick on his feet.

Jeff Woelfer follows through on his forehand swing.

Nick Doering is pleased with his serve.

Nick Studebaker strains to reach the ball.

Nat Benoy watches to see if his shot is in.

Rob Collins jumps to reach a lob.

Colophon

The Trail was printed by Jostens Printing and Publishing at the Clarksville, Tennessee plant. 425 copies of the 200 page book were printed on 80 pound paper. Highlights of the book are the color Senior pictures, the World Beat current events tip in, and the eight color pages in the opening.

The cover of the 1996-1997 Trail is a break from tradition. For the last twelve years we have chosen a more traditional cover but this year we decided to go with a litho cover. This is one designed by the company itself.

Photos were supplied by the staff members, students and Logan's studios.

The staff members include Mrs. Moon ,advisor, Amanda Brookins, Nichole Brown, Amy Carsten, Erin Cobb, Sheri Coburn, Adrienne Dillon, Corie Doggett, Josh Hardin, Kelly Kirkpatrick, Kim Lamp, Kevin Owen, Carrie Petkovich, Beth Reihle, Heather Riddle, Ginny Stehle, Candace Webb and Kristy Whetstone.

Kristy Stehle and her date are groovin' to the music at the spirit dance.

Suzane Fisher enjoys quiet time while reading.

Alas! I have found my prince, says Carrie Kellar.

Tim Lesley concentrates on his school work.

Amber Chatfield and Angie Cox have it "maid" at the Halloween dance.

Colleen Karn is ready for "ACTION!"

Scott Drake stops with a quick smile.
